

HDIC

Summer Term

This coming term, we are exploring and investigating the effects of natural disasters across the world and people's attempts at conservation to protect the environment. We will continue to work on regulation techniques to help us manage our emotions.

Reading

We will continue to read a range of books (fiction and non-fiction) focusing on natural disasters.

Writing

We will create newspaper extracts to report on a natural disaster/s or on a conservation project.

Maths

We will be exploring what multiplication is and how we can solve simple multiplication problems using resources and pictures to help us visualise the maths to be completed.

Science

We will be exploring different types of weather and looking at volcanoes and cyclones.

Physical Education

We will continue to develop our ball skills in small team based games and also look at improving our athletic prowess.

DT

To design, make and evaluate a machine that can help clean up after a natural disaster.

Art

We are focusing on POP ART by Andy Warhol and Line Drawing from Paul Klee.

Computing

We will use the Lego Prime Essentials kits to build and programme a variety of creations/.

SEMH

We will continue to develop our understanding of our emotions and how our actions can affect others.

Key dates:

PE – Wednesday and Thursday

Home learning:

- 20 minutes of reading a day
- 10 minutes of times table practice a day (TT Rockstar or Kumon Cards)

Proud to be part of the **UNIVERSITY OF CHICHESTER ACADEMY TRUST**
