

# Year HDIC

## Summer Term

Welcome to the summer term! This term we will be spending time outdoors, growing plants and seeds. We will also be developing our enterprise skills by holding a bake sale, table top sale and other opportunities to manage money.

### Reading

Continue to work towards being fluent readers. Embedding our phonics and working on our simple retrieval skills in a range of texts.

### Writing

Instructions including imperative verbs. Persuasive writing about Portsmouth.

### Maths

Length, height and perimeter including problem solving. Capacity and volume.

### Science

Plants – Parts of a plant and their functions. Changes over time and growing conditions.

### Physical Education

Ball Skills – throwing, catching and using a bat. Building towards a game of rounders.

### SEMH

Continuing to work through the 6 Strands curriculum. Transition skills.

### Art

Observational drawings of plants and their parts. Outdoor art with natural materials.

### Computing

Developing keyboard skills and coding.

### Music

Making sounds on a tuned instrument or body parts.

### Key dates:
