

## The Flying Bull Academy Pupil Premium strategy review

1. Summary information					
<b>School</b>	The Flying Bull Academy				
<b>Academic Year</b>	2019 2020	<b>Total PP budget</b>	£270,100 (273,505)	<b>Date of most recent PP Review</b>	n/a
<b>Total number of pupils</b>	424	<b>Number of pupils eligible for PP</b>	202	<b>Date for next internal review of this strategy</b>	February 20

2. Current attainment		
	<i>Pupils eligible for PP (your school)</i>	<i>Pupils not eligible for PP (national average)</i>
<b>% achieving Expected or above in KS2 RWM</b>	73%	Not yet available
<b>Reading Progress</b>	+ 2.9	
<b>Writing Progress</b>	+ 0.9	
<b>Maths Progress</b>	+ 0.3	

3. Barriers to future attainment (for pupils eligible for PP, including high ability)	
<b>In-school barriers</b> ( <i>issues to be addressed in school, such as poor oral language skills</i> )	
<b>A.</b>	EYFS baseline levels for many areas of development, particularly the prime areas are below age related expectations. Communication and Language, Reading and Writing are particularly low.
<b>B.</b>	Many pupils come from backgrounds that are unable to support a positive learning culture and have poor literacy and numeracy skills.
<b>C.</b>	High level of PP children with Speech and Language requirements.
<b>D.</b>	High percentage of SEND and underachieving PP children with a range of complex needs.

<b>E.</b>	PP children who have had little or no boundaries and lack routine at home whose parents/carers have low expectations of behaviour and achievement.	
<b>External barriers</b> ( <i>issues which also require action outside school, such as low attendance rates</i> )		
<b>A</b>	Compared to IMD scores at national Lower Super Output Area level, The Flying Bull Academy's level of deprivation can be graded as 'A' (between the 75th and 95th percentiles - much more deprived than average) 90% of The Flying Bull Academy's pupils live within LSOAs ranked as within the worst 25% nationally (city primary norm is 40%).	
<b>B</b>	Although work on reducing Persistent Absenteeism has been successful, this is an ongoing barrier that we need to continue to focus on.	
<b>C</b>	Poor parental engagement in their children's learning	
<b>D</b>	Poor diet and low levels of activity in a high number of PP children's families	
<b>4. Desired outcomes</b>		
	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
<b>A.</b>	To achieve improved outcomes at the end of EYFS. This will be measured by the % of PP children who achieve GLD.	Diminish the difference from 12% between Disadvantaged Pupils at FBA and National Other.
<b>B.</b>	To improve outcomes by the end of Key Stage 1 in Reading, Writing and Maths for PP children. This will be measured by the KS1 outcomes for PP children.	Diminish the difference from 20% in reading for Disadvantaged Pupils compared to National Other. Diminish the difference from 26% in writing for Disadvantaged Pupils compared to National Other. Diminish the difference from 21% in maths for Disadvantaged Pupils compared to National Other.
<b>C.</b>	To improve outcomes for PP children by the end of KS2 in Reading, Writing and Maths. This will be measured by the KS2 outcomes for PP children.	Maintain the strong performance of Disadvantaged Pupils in Reading. Disadvantaged children outperformed National Other by 3% in 2018 2019. Diminish the difference from 2% in writing for Disadvantaged Pupils compared to National Other. Diminish the difference from 3% in maths for Disadvantaged Pupils compared to National Other. Maintain the strong performance of Disadvantaged Pupils in RWM combined. Disadvantaged children outperformed National Other by 2% in 2018 2019.
<b>D.</b>	Maintain low percentage of persistent absenteeism and for attendance to be above national.	Maintain the percentage of PA for Disadvantaged Pupils to below the levels recorded for 2019 In 2018 2019 this reduced to 64% of the PA pupils were Disadvantaged Pupils (11 pupils out of 17) For whole school attendance to be above national.
<b>E.</b>	To improve the % of GDS in Reading, Writing and Maths in KS1 and KS2	<b>KS1</b> Diminish the difference from 1% in GDS reading for PP children compared to National Other. Diminish the difference from 8% in GDS writing for PP children compared to National Other.

		<p>Diminish the difference from 11% in GDS maths for PP children compared to National Other.</p> <p><b>KS2</b>  Maintain the strong performance of Disadvantaged Pupils in GDS Reading.  Disadvantaged children outperformed National Other by 15% in 2018 2019.  Diminish the difference from 5% in GDS writing for PP children compared to National Other.  Diminish the difference from 12% in GDS maths for PP children compared to National Other.</p>
<b>F.</b>	To ensure that children with complex needs are identified early and appropriate support is put in place. This will be measured by outcomes of interventions and impact on work in class. The SENDCo termly report will provide information on the number of PP children seen and the impact of the interventions.	<p>More PP children will access assessment by SaLT and EP, compared to NHS allocation of SaLT time and time available for EP through usual SLA arrangements.  This will ensure that more PP children will have timely assessments so that learning needs are met with appropriate interventions, including interventions run by the SaLT.  Teaching Assistants will be monitored by the SaLT to ensure effective interventions.</p>
